

SHIPS OFF TO MEET OCEAN WANDERERS

Navy of Twenty-five Monster Vessels Will Assemble in Mid-Sea.

The third squadron of the Atlantic fleet has sailed to meet the returning wanderers, according to dispatches received at the Bureau of Navigation today.

The battleship Idaho has left Philadelphia, and the Maine, New Hampshire, and Mississippi have sailed from Guantanamo for the spot in the ocean where the returning ships will first be sighted.

In addition to the vessels already under way, the scout cruisers Birmingham, Chester, and Salem, and the armored cruisers North Carolina and Montana will leave within the next few days.

The fleet will be at latitude 35 W; longitude 55 N., on the seventeenth of the month, to which point the divisions are joined there will be a total of twenty battleships and five cruisers that will sail to Norfolk.

Time of Leaving.

President Roosevelt, with Secretary of the Navy Newberry, and probably other officers of the Cabinet will leave Washington on the cruiser-yacht Mayflower about 3 o'clock in the afternoon of Sunday, the 21st. They will arrive off Thimble Light shoals at 10 o'clock, and will anchor off the light. They will then review the incoming fleet from this position. The Committees on Naval Affairs of the Senate and House of Representatives will also leave Washington the same day on the Dolphin.

According to tentative plans arranged by the Navy Department by cable with Admiral Sperry on his ship at Gibraltar, the fleet will pass up in the Cape about 10 a. m., and will reach the tail of the horseshoe where the Mayflower left them on December 15, 1907, at 11 o'clock.

In Single Column.

In single column the fleet will then steam slowly into the roads passing in review of the President. All arrangements for placing the ships have been made and they will occupy the same relative positions in the anchorage in the roads that they occupied when they started on the memorable cruise more than fourteen months ago. The review is timed for noon. After the last ship has passed the Mayflower will weigh anchor and steam down the coast, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The review will be on a much more

DICK AND BURTON LIVE UNDER ARMED TRUCE

Olive Branch Tendered by Former to Senator-Elect Received With Cold Hands—Cleveland Congressman and Foraker Singularly "Chummy."

There is considerable gossip around the Capitol following the recent tender of the olive branch by Senator Dick to Senator-elect Burton, at the Burton dinner given by the Ohio delegation. Mr. Burton is said to have half-heartedly accepted, although it is not thought that he took near so deep a draught from the loving cup as did Senator Dick when the glasses were raised. The nearest the Congressman came to accepting the overture, it is said, was to say, in the course of his speech, that only small men held grudges.

It is said that both Buckeye Senators were invited only after considerable dickering among the members of the delegation. Mr. Foraker declined out-

right; Senator Dick came loaded with a carefully prepared speech. He is said to have reviewed the political situation in Ohio with the greatest frankness. He told how, when allied with Frank Hanna, he had fought Foraker, of later having come over to the side of his colleague, Foraker, and now of being willing to stand shoulder to shoulder with his prospective colleague—Mr. Burton.

Burton replied in a speech replete with thanks for the nice things that had been said about him. Evidently he wishes to await developments a little while.

In this connection it is noted with interest by close friends of Senator Dick that Burton and Foraker are extremely cordial these days, which, to say the least, is regarded as significant.

magnificent scale than that at the time of the departure of the fleet, and there will be ample opportunity for all persons on Hampton Roads to witness it.

The Atlantic fleet, as constituted at the time of the review, will vie in magnitude and greatness with the famed British Mediterranean fleet. It will contain twenty first-class battleships, two armored cruisers, and three scout cruisers in the line, with several additional battleships and cruisers in reserve. In addition, there will be a torpedo squadron and a host of auxiliaries, such as colliers, supply ships, and tenders.

Word was cabled the Navy Department from Gibraltar today that the collier Abanda, which supplied the fleet with coal on its world voyage, had left Gibraltar today for Hampton Roads. Word was also received at the Navy Department of the sailing of the Pacific fleet, containing a dozen or more first-class ships, northward for Panama.

WILL BE BURIED IN NEW ENGLAND

The body of Marvin Lincoln, who lived at 1738 N street northwest, will be buried at Williamstown, Conn. Much of his early life was spent in New England and at one time he was auditor of Malden, Mass.

His death, which took place yesterday morning, was due to old age. He was born in North Windham, Conn., in 1812. In Washington he lived with his daughter, Mrs. Bernard R. Green. He was a well-known old fellow. Besides the daughter, Mrs. Green, he is survived by a son, Herbert S. Lincoln, of New York.

WOMAN SUFFRAGE

LINCOLN, Neb., Feb. 11.—In the State senate today the bill providing for woman suffrage was ordered engrossed for a third reading by a vote of 16 to 15. It will require 17 votes to pass the measure.

ESTEEM IS SHOWN FOR S. W. WOODWARD

Y. M. C. A. Members Tender President Testimonial Reception.

Splendid proof of the esteem in which S. W. Woodward, president of the Young Men's Christian Association, is held by the members of that organization was the reception given him in the Y. M. C. A. building last night. The event was the beginning of a series of functions commemorating the completion of ten years' service of Mr. Woodward as president, and of ten years' occupancy of the present building.

For more than an hour and a half President Woodward and the members of the receiving party were engaged in welcoming the guests. President Woodward stood at the head of the line, and was assisted by Commissioner Macfarland, John B. Lerner, and W. K. Cooper.

In the receiving line were Wilbur P. Thirkield, W. H. Kerr, Hugh T. Thrift, Bert T. Ames, A. M. Lothrop, Justice S. J. Peelle, Miles P. Shand, John B. Slemmon, Jr., Anson S. Taylor, George H. Smith, and Charles W. Needham.

ELECTRIC RAILROAD LOSES DAMAGE SUIT

Mrs. Gertrude Hill Awarded \$5,000 for Injuries Received on Great Falls Line.

Five thousand dollars' damages were awarded to Mrs. Gertrude H. Hill, of Richmond, Ind., who won her suit for personal injuries against the Great Falls and Old Dominion Railroad Company. The case was tried before Chief Justice Claiborne.

Mrs. Hill, on August 23, 1907, attempted to alight from one of the cars, the step of which was said to be more than three feet from the ground. She sustained a fracture of the hip by reason of which her right limb was permanently shortened. She was represented by Attorneys Leckie, Fulton and Cox.

ROOSEVELT TALKS FRENCH TO VISITOR

President Roosevelt's knowledge of the French language served him today when A. Fonville, a mining engineer of Paris, was presented to him at the White House. The introduction was made by Representative O'Quinn of New York. When the President learned that his visitor could not speak English he immediately addressed him in his native tongue, paying tribute to the French people.

STREET EXTENSION FAVORED BY BOARD

Commissioners Would Also Permit Dedication of Land.

The Commissioners today forwarded to Congress a favorable report on the bill to extend a street from Nineteenth street northwest, near U. westward to Columbia road.

The area of the land to be condemned is about 2,000 square feet, and the cost is estimated at \$4,000. The Commissioners believe that in order to reduce the cost of proceedings at least 50 per cent of the land necessary should be dedicated, and are informed that some of the owners are willing to so dedicate. The Commissioners recommend that the bill be so amended as to make this dedication a condition precedent to opening the street.

Favorable action is also recommended on the bill to provide an extension of Newton street northwest, from New Hampshire avenue to Georgia avenue, and to connect Newton place in Glass subdivision with Newton place in Whitehouse subdivision. The cost of this extension is estimated at \$3,000.

GRAVE DIGGERS TAKE CASE TO GOMPERS

Fighting for Admission Into the Building Trades—Can't Get Aid of Clients, However.

NEW YORK, Feb. 11.—The rejection by the building trades of their application for admission today determined the Grave Diggers' Union to carry the matter to President Samuel Gompers, of the American Federation of Labor.

They want to know whether they are builders, as they believe they are, or "miscellaneous," to which class the building trades referred them in the rejection. One dilemma confronts the grave diggers, they are unable to get any of their clients as witnesses.

NOTED SURGEON DIES; BLOOD IS POISONED

Slight Cut Made By Own Knife During Operation Proves Fatal.

NEW YORK, Feb. 11.—A slight cut on a finger caused by the falling of a knife while he was performing an operation, caused the death of Adolph von Duering, a noted surgeon and physician.

The surgeon was performing an operation in his office the latter part of January when the accident happened. He paid little attention to it, at the time, but blood poisoning set in, and, although a number of experts were called in, nothing could be done for him.

Danderine

GROWS HAIR
and we can
PROVE IT!

A lady from Minnesota writes:
"As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes,
25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the
KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

"STAR BRAND" OYSTERS

The one oyster that comes to you as fresh and pure as though right off the shell. "STAR BRAND" OYSTERS are received direct from their natural beds; opened fresh daily under the most sanitary conditions, and served in Sanitary Glass Jars together with their own liquor (without adulteration).

Oysters usually contain about one-third adulteration by bloating them with water to increase their quantity. This destroys that full sea flavor, and robs you of a part of the amount which you actually pay for. You will notice the difference the first time you taste "STAR BRAND" Oysters.

Delivered in Glass Jars Only

STANDARDS, 35c Qt.; SELECTS, 50c Qt.

These Dealers Sell "STAR BRAND" OYSTERS at Regular Prices:

Chas. Colvin & Co., 2740 14th st. N. W.

Why Chevy Chase

Values Must Increase

Eleventh.....Prices are actually lower than in any other similar suburb in the country.

Twelfth.....The continuous sale of lots during the financial depression is a sure indication of the staple value.

Thirteenth.....It is the "Suburb Beautiful."

Fourteenth.....Chevy Chase, D. C., is supplied with the city's water and sewerage system.

Fifteenth.....The route to it lies through the best part of the District—there is no "poor" section to traverse.
